WELL, AS I SAID IN THE LAST NEWSLETTER: I am at the time in my life that I felt it is time to enjoy the few years I have left. I have decided that it is time to call it quits putting out the NEWSLETTER . As of January, I will no longer do this. Dick Mora and I started this, with no idea what it

would take of our time or how long it would last, that was in 1991. (Well you can do the arithmetic') it has been along time. I have enjoyed doing it and I know Dick did to. In fact, when Dick left us this was one of the things he told me (I know you will keep the Retiree Club going, DO IT.)

(OVER)

I hoped someone would step up and take the newsletter printing and mail-out responsibility. When Dick and I started this we had a few more then 90 retirees, now we are in the hundreds (149) I know that every one does not want to take an active part in the Club but it so enjoyable to see those who do during the luncheons, who have not seen each other for some time and can talk over old times.

Well, I hoped someone (maybe two) would step up and continue our newsletter. I do not want this to end!!! Sincerely, Bill.

Well, at the last Luncheon someone did!! John Coldiron and Wife Laueen said they would continue it. I want to thank them very much. It takes a load off my shoulders and makes me feel good knowing someone cares. Thank You Very Much!! John & Laueen!!!!
Sencereely, Bill

JUST FOR A FEW SMILES

THE MAKING OF A POLITICIAN

A father told his 3 sons as he sent them off to the university: "I feel it's my duty to provide you with the best possible education, and you do not owe me anything for that. However, I want you to appreciate it. As a token, please each put \$1000.00 into my coffin when I die."

And so it happened. His sons became a Doctor, a Lawyer, and a Financial Planner. They all became financially successful. When their father's time had come and they saw their father in the coffin, they remembered his wish. First it was the Doctor who put 10 \$100 bills onto the chest of the deceased. Then came the Financial planner, who also put \$1000 there. Finally, it was the hart-broken Lawyer's turn. He dipped into his pocket, took out his check book, wrote a check for \$3000,00, put into his father's coffin and took the \$2000.00 cash.

He later went on to become a member of Congress...
